

GUNMEN HUNTED IN THE WOODS OF UPPER MANHATTAN

Two Youths Shoot Down
Saloon Keeper, Rob Till
and Escape.

ONE ARREST IS MADE.

Man With Blackjack Found in
Subway Station—Com-
panion Gets Away.

Until after dawn to-day all the
available policemen and detectives of
SMASHING THROUGH THE LINES

Courageous Men Who Never Falter.

Charging the enemy in the face
of machine gun and other modern
weapons of defense calls for courage
out of the ordinary. It also calls for
physical perfection with which to
stand the terrible hardships to which
these men are exposed.

European nations have always been
believers in the virtues of malt as a
body nourisher, and for half a cen-
tury Johann Hoff's has been the ac-
cepted standard in quality. As a
blood, bone and muscle maker, and
a nerve and brain food, it has no
equal—women and children also re-
spond to its health building tenden-
cies. Can be procured from any re-
liable druggist and should be taken
with meals. Delightfully palatable.—
Advt.

KNAREYARBOON

Not only delicious—but there's "life" in

Grape-Nuts

Try this experiment yourself. Take some
Grape-Nuts direct from the package. Hold the
granules in the palm of your hand under sunlight
or an electric bulb. You will notice tiny shining
particles of light on the granules—the starch of
the grains transformed.

Then do the same with some other prepared
food—any other prepared food. You don't see
these glistening particles.

"There's a Reason"

The wonderful taste—the wonderful nourish-
ment in this great food is due to the fact that in
addition to the sweetness of the whole wheat is
combined the delicate flavor and food value of
malted barley.

This gives Grape-Nuts two great factors
that no mere wheat food can possess. The
delicious zest of malted barley imparts a savor that
is universally liked; and, beyond that, the barley
contains a digestive (not in wheat) which, with long
baking, transforms the starch of these full grains
into a form of sugar which shows on the golden-
brown granules.

If you haven't tried Grape-Nuts food you have
a treat in store. It not only appeals to the appetite,
but is a powerful builder for body and brain.

CONEY WELCOMES PARALYSIS MOVIES OF EVENING WORLD

Brighton Beach Crowds Aban-
don Gayeties to See Pictures
Combating Plague.

THEATRES GET THEM.

Movies Teaching Lesson of
Prevention Will Be Shown
In Many Houses Next Week.

The Evening World-Universal Film
Manufacturing Company anti-infan-
tile paralysis moving pictures have
made such a popular appeal that
many moving picture theatres of
Brooklyn and the Bronx have asked
The Evening World to be allowed to
show them. Many of these requests
will be complied with and the pic-
tures will be shown in the leading
photo-play houses next week.

The demands for the pictures put
out by The Evening World have been
so urgent it has been impossible to
comply with all of them. When The
Evening World began its campaign,
it realized it could present the situa-
tion to not more than several hun-
dred thousand. When the general
public awakened to a realization of
what was being done by The Evening
World, a clamor instantly arose for
the production of the pictures in a
more general area.

The Evening World's pictures have
been seen by not less than 100,000
people in the week of the campaign.
The 100,000 who saw the pictures
described them to at least several
hundred thousand more.

The Evening World started the de-
mand for the cleaning of the streets,
which resulted in remarkable action
by the Street Department and the
Health Department, and has ex-
tended to greater lengths than were
anticipated. The motion picture
truck of The Evening World was in-
tended to reach only to the confines
of Greater New York. But so won-
derful and so far reaching has been
the effect of The Evening World's
campaign, that other States have
petitioned the Board of Health to
ask the co-operation of The Evening
World in showing the pictures in
their most congested cities.

The Evening World will, of course,
not be able to comply with all the
requests made for the pictures. It
has gone far afield to teach the people
who stand in greatest need of educa-
tion on infantile paralysis.

More than 10,000 people a night
have seen these pictures. The desire
of The Evening World is that the
greatest number of people possible
will see them and learn the lessons
taught by them in the quickest pos-
sible time. So The Evening World
has made arrangements whereby, be-
ginning Sunday, the pictures will be
displayed in the leading motion pic-
ture theatres of Brooklyn and the
Bronx. This is only a starter in The
Evening World's campaign for the
prevention of infantile paralysis. The
campaign will not be ended until it
has been spread all over the United
States.

Last night the army transport,
showing the pictures of how the
disease is carried and how it can be
prevented, covered the Coney Island
territory. At Brighton Beach, the
transport pulled up into a gay crowd.
Even in that place devoted to gayety,
the people made a rush for The Eve-
ning World's pictures. And this was
only one place of many at Coney
Island where everything else was for-
gotten in the contemplation of The
Evening World movies.

FORTY-ONE CHILDREN RECOVERING AFTER USE OF ADRENALIN

(Continued from First Page)

cure," Dr. Birmingham was careful
to explain, "but the injections reach
the nerve tissue and act as a won-
derful tonic to them. The adrenalin
removes pressure from the nerve tis-
sue and places nature in a position
to do the rest."

Health Commissioner Emerson was
elated at the contents of the report
on the adrenalin treatment.
"I am glad Dr. Birmingham is get-
ting such good results," he said. "We
are also getting good results in our
hospitals with a treatment consisting
of plenty of rest, clean surroundings
and keeping the bowels open."

39 LESS PLAGUE CASES WITH ONE MORE DEATH IN WHOLE CITY TO-DAY

In giving out the following figures
showing the status of the epidemic
during the past twenty-four hours
Dr. Emerson called attention to the
fact that the day's record in Brooklyn
was the lowest since June 28 and the
condition in Manhattan remains nor-
mal.

The figures:
DEATHS.
To-day, Yesterday.
Brooklyn 17 31
Manhattan 6 8
Bronx 2 5
Queens 6 8

Unborn 1 6
Total 31 51
NEW CASES
To-day, Yesterday.
Brooklyn 35 81
Manhattan 15 19
Bronx 4 4
Queens 14 14
Richmond 1 1
Total 69 119

Total cases reported to date, 2,338.
Total number of health certificates
issued to to-day, 1,104.

Total cases now under treatment in
hospitals, 1,368.
Deputy Commissioner Hittings, in
charge of the Health Department
light in Brooklyn, gave out figures
to-day to show that this is the han-
ner day, so far as the drop in new
cases and deaths is concerned. There
were thirty-six new cases in Brook-
lyn reported and seventeen deaths.

As a result of the Stouffer case,
in which the father carried his sick
child to a hospital because no am-
bulance came at his request, Dr.
Hittings announced that careful
records are being kept of all am-
bulance calls.

Beginning to-day the force of food
inspectors in Brooklyn has been
doubled and a campaign begun against
all unclean places where foodstuffs are
sold. Every two days restaurants, ice
cream parlors and such places will be
visited to see that the law is being

adhered to. All the stalls in the borough
are being inspected.
Orders were sent to the B. R. T.
to-day ordering the company to clean
its rolling stock every day. In the
past it had been the company's plan
to wash the cars every five days.
It was announced by Dr. Hittings
that all the bureaus of the Health
Department would be kept open on
Sunday to handle the work. Yester-
day 4,500 health certificates were
issued.

WOMAN LONG MISSING.
Search for Christina Wittenberg,
Not Seen Since July 4.
The police have sent out a general
alarm for Miss Christina Wittenberg,
forty-five, who was last seen in her
apartment at No. 71 West 100th Street
and 84th Street on July 4. Her friends
claim that she has been suffering ill
health for the past several years. Her
apartment was looking into, but nothing
was found that would lead to her present
whereabouts. In leaving, she set
the door lock and closed the door,
locking it both inside and outside. She
is nearly eighty, but her two pairs of
glasses were found in her apartment.

**BOARD EXONERATES
SIR SAM HUGHES**
Royal Commission Finds Minister
of Militia at Ottawa Did Not
Profit by Munitions Contract.

OTTAWA, July 21.—Sir Sam
Hughes, Minister of Militia, is held
by the Meredith-Pall Royal Commis-
sion innocent of responsibility for
the negotiation of Government mun-
itions contracts with American munition
manufacturers from which they were
alleged to have unduly profited. The
findings of the commission were an-
nounced to-day.

The contracts in question were let
by the Canadian Shell Committee to
the American Ammunition Company
and the International Arms and Fire
Company and the investigation of
them followed charges laid in the
House of Commons by G. W. Kyle,
M. P., who alleged that large profits
were allowed with the approval of
Sir Sam Hughes.
